ABOUT THE FAMILYWIZE PRESCRIPTION DRUG DISCOUNT PROGRAM

Good health is one of the building blocks for a good life. That's why United Way of the Greater Capital Region works to make it easier to access health services. Our partnership in the FamilyWize Prescription Drug Discount Card program can help you pay for the medications you and your family need.

Discounts and savings are provided voluntarily by the participating pharmacies that accept the FamilyWize Prescription Drug Discount Card. The attached discount card can lower the cost of your prescription medications by an average of 30%.

These prescription drug discounts are provided by the pharmacies. They have agreed to accept prices for medications that are close to the prices paid by large insurance companies and employers. All other program costs are provided by in-kind donations from the program sponsors and by part of the processing fee included in the cost of the medicine.

WHAT YOU NEED TO KNOW

- Average discount: 30% per prescription (or \$13 per prescription).
