BASIC NEEDS

Domestic Safety: Enhance the safety and justice for battered men, women and their children.

- Strategy 1: Ensure individuals and/or families take initial steps to move toward safety.
- Strategy 2: Promote long term safety by putting clients on a path to financial stability.

Housing Stability: Reduce homelessness by providing access to safe, permanent and affordable.

- Strategy 1: Prevent homelessness of individuals and/or families.
- Strategy 2: Individuals and/or families are on a path to housing stabilization and self-sufficiency.

BASIC NEEDS

Food Security and Nutrition: United Way seeks to invest in programs that reduce food insecurity in our communities by creating access to sustainable sources of food and nutrition.

- Strategy 1: Stabilize food insecure individuals and/or households
- Strategy 2: Increase access to food and nutrition

EDUCATION

Early Care and Education: Children are socially, emotionally, physically and intellectually prepared to enter kindergarten

- Strategy 1: Increase the social emotional, physical and cognitive development of children in early care settings
- Strategy 2: Enhance the ability of caregivers to support children's development

Youth Development: Youth reach their full potential in school and in life

- Strategy 1: Improve school success and academic achievement
- Strategy 2: Increase social, emotional and intellectual development

INCOME

Financial Literacy and Stability: People have the skills and resources to secure and maintain assets

- Strategy 1: Individuals and families have the knowledge and skills to become financially secure
- Strategy 2: Individuals and families have access to the financial products and financial services to become financially secure

Workforce Development: People secure and maintain employment resulting in financial independence.

- Strategy 1: Individuals gain pre-employment, educational and vocational opportunities to enhance job-readiness and employability
- Strategy 2: Individuals find and maintain family-sustaining employment

HEALTH

Independent Living: People with disabilities and seniors will have physical and social needs met in order to live independently

- Strategy 1: Ensure seniors have the resources they need to remain vital and independent
- Strategy 2: Ensure individuals with disabilities receive support for self-reliance

Behavioral Health: People engage in healthy behaviors that contribute to physical, social and emotional well-being

- Strategy 1: Ensure people in high-risk situations have access to resources to address their behavioral health challenges
- Strategy 2: Provide ongoing mental health care and supportive services to promote healthy living
